

A typical selection of mounting brackets and hardware. Other solutions are available and specialist requirements can be manufactured to order. Please contact us for details.

Cast aluminium antenna brackets

Part No.	Bracket Type	Tube 1 Dia.(mm)	Tube 2 Dia.(mm)
271.01.00.00	Cross-over	30-60	30-60
UA62-23	Cross-over	25-50	25-75
UA66-24	Cross-over	25-50	25-115
UA66-22	Cross / Parallel	25-50	25-50

Galvanised steel antenna brackets

Part No.	Bracket Type	Tube 1 Dia.(mm)	Tube 2 Dia.(mm)
COP54	Cross-over	38	50
COP55	Cross-over	50	50
COP108	Cross-over	50-126*	50-126*
2140.01.00.00	Parallel	25-60	25-60
2141.01.00.00	Parallel	38-120	38-120
1763/100	Parallel / Cross	32	38-60
1763/187	Cross-over	32	38-60

*U-bolt fixings must be ordered separately to suit tube sizes

Wall mounting brackets

CWBI5 (Pair)
Hot dip galvanised steel bracket with galvanised steel fixings and wall mounting bolts. Secures 50mm mast to wall with 150mm stand off.

SWB30 (Pair)
Hot dip galvanised steel wall mounting bracket with galvanised stainless steel fixings. Allows fixing of 50mm mast to brick structures via Rawlbolts with 300mm stand off. Supplied complete with all necessary rawlbolts and U-bolts.

SWB45 (Pair)
Hot dip galvanised steel wall mounting bracket with galvanised stainless steel fixings. Allows fixing of 50mm mast to brick structures via Rawlbolts with 450mm stand off. Supplied complete with all necessary rawlbolts and U-bolts.

SWB60 (Pair)
Hot dip galvanised steel wall mounting bracket with galvanised stainless steel fixings. Allows fixing of 50mm mast to brick structures via Rawlbolts with 600mm stand off. Supplied complete with all necessary rawlbolts and U-bolts.

Tower mounting accessories

CSB
All Welded aluminium twin boom antenna stand-off frame suitable for mounting end fed collinear antennas and UHF stacked dipole array antennas off the side of a mast or tower structure.

UTC (Pair)
Universal tower clamp suitable for clamping 50mm tube to the side of an angle tower/mast up to 150mm x 150mm angle iron. Supplied as a pair with M12 x 50 U-bolts & M12 x 200 J-Bolts. All components are hot dip galvanised to BS729.

UB3
Aluminium 1 1/4" diameter Yagi Underboom with Cast Aluminium Clamps. For use with S.12Y and S.18Y Yagi Antennas.
