

Marifix 1 / Marifix 2 / ADT

Marine 4-Way Ratchet Mounts

DESCRIPTION

- The ratchet mounts permit mounting of marine antennas on slanted decks, cabin roofs or bulkheads.
- Vibration secure and fast-release locking mechanisms make tilting and complete lay-down of the antenna quick and easy.
- Use the ADT adapting tube to fix antennas (based on mounting with revolving nut on 1" threaded water pipe) on the Marifix 1 and Marifix 2.
- Max. antenna height:
Marifix 1: Max. 4.5 m
Marifix 2: Max. 2.0 m
- To prevent damage it is recommended to lay down long antenna elements when the vessel is operated at high speed.

ORDERING DESIGNATIONS

TYPE NO.	TYPE	PRODUCT NO.
MariFix 1	Heavy-duty, chromed brass ratchet mount for deck or bulkhead mounting.	11000050
MariFix 2	Medium-duty, polycarbonate ratchet mount for deck or bulkhead mounting.	11000048
ADT	Adapting tube.	11000049

SPECIFICATIONS

MODEL	MARIFIX 1	MARIFIX 2	ADT
APPLICATION	Deck or bulkhead mount for marine antennas	Deck or bulkhead mount for marine antennas	Adapting tube
